

**From:** Yoon, Lois  
**Subject:** LAR-IAC Pictometry Training - 3/15/07  
**Attachments:** 119\_w\_palm\_ave.JPG

Hello,

The next LAR-IAC Pictometry training is set for **March 15th, 2007** in Monrovia.

**Date:** Thursday, March 15, 2007  
**Place:** Monrovia Community Center  
Monroe Room  
119 West Palm Avenue  
Monrovia, CA 91016

(Attached is an imagery snapshot of the location looking west.)

**Training Agenda**

- A. 9:30 - 11:30 am - Administrative Training session  
Lunch break (lunch not provided)
- B. 1:00 - 2:45 pm – End-User Training session
- C. 3:00 - 4:45 pm – End-User Training session (if necessary; same content)

There are a limited number of workstations; we will be taking reservations on a first-come, first-serve basis.

**Administrative Training Session**

For this training, there should be one (1) person per city/agency.

**End-User Training Sessions**

For the End-User Training we will need RSVP's as well. If we do not have enough space in the first session, we can do a second session at 3:00 pm to accommodate everyone. Please limit 2-3 people per city/agency. Again, more training will be provided in the future.

If the location and/or time do not work for you, please keep in mind that we will be setting up another Pictometry training day to be held in Santa Clarita, in the next couple of weeks. There may also be another training day in Santa Monica or Torrance in the near future.

**Please RSVP to me and CC Nick Franchino (nfranchino@planning.lacounty.gov).** Please be mindful not to hit "reply to all" to this e-mail.

Thank you,

**Lois Yoon**
