GIS DAY

November 19, 2014

**County of Los Angeles
Kenneth Hahn Hall of Administration
500 W. Temple St., Los Angeles, CA 90012**

"The Power of Where"

For more info: http://gis.lacounty.gov/gisday

Geographic Information Systems (GIS) uses the power of technology to locate, map, organize and manage places, people and data.

GIS Day offers an opportunity to showcase how Los Angeles County and more than 30 other agencies are using this GIS technology to make government more efficient, keep you safe and improve health.

GIS Day will feature a Managers' session, training opportunities, map gallery and GIS games & prizes. You'll learn how:

- Managers can leverage GIS technologies
- Local universities are using GIS in research
- GIS facilitates elections
- GIS is used in Sheriff's vehicles
- GIS is used in Fire Trucks and by firemen during fires
- GIS is used for traffic management
- GIS is used in emergency vehicles

If you would like to have a booth, present a map, or give a presentation, you can register for free at:
