# eGIS Demographic Data & Services

The eGIS Program acquires small area demographic estimates each year for use by eGIS members to support service delivery and planning by County departments.
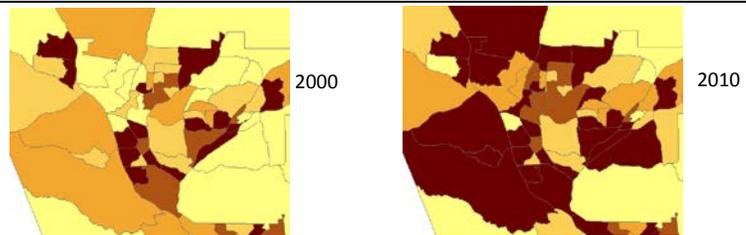

Population Trends

Find out how populations in your service areas are changing over time, so you can ensure your service delivery meets the needs of your clients.

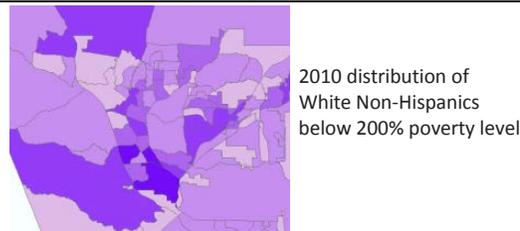

Population Trend

- Tract 1011.10
- Tract 1011.22
- Tract 1012.10

Population Estimates

Get estimates of the population every year to see how population growth is changing the face of the County.

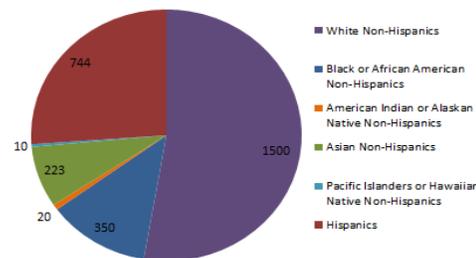

2000

2010

Poverty Distribution

Poverty estimates at 100%, 130%, 133%, and 200% of Federal Poverty Level (FPL) to support reporting and eligibility requirements for state and federal programs.

2010 distribution of White Non-Hispanics below 200% poverty level
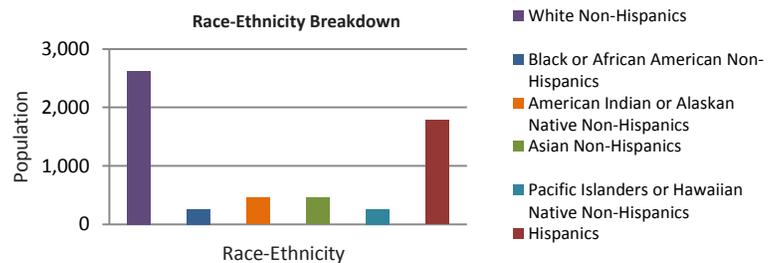

Race-Ethnicity Distribution

This information can help guide language and culture specific programs determine where concentrations of specific client populations are.

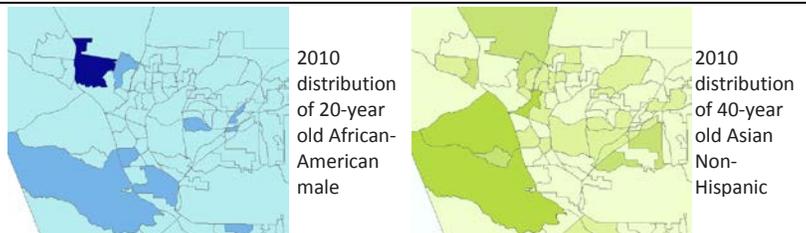

- White Non-Hispanics
- Black or African American Non-Hispanics
- American Indian or Alaskan Native Non-Hispanics
- Asian Non-Hispanics
- Pacific Islanders or Hawaiian Native Non-Hispanics
- Hispanics

Race-Ethnicity Breakdown

Compare the ethnic profile of project areas to guide outreach to different communities within the County.

Race-Ethnicity Breakdown

- White Non-Hispanics
- Black or African American Non-Hispanics
- American Indian or Alaskan Native Non-Hispanics
- Asian Non-Hispanics
- Pacific Islanders or Hawaiian Native Non-Hispanics
- Hispanics

Race-Ethnicity by Age and Poverty

Determine where the greatest need exists for age-specific programs and the best way to target limited funds to provide services to County residents.

2010 distribution of 20-year old African-American male

2010 distribution of 40-year old Asian Non-Hispanic

Specialized Analyses as necessary

The demographic experts from the Urban Research – GIS group can complete specialized analytical reports and statistics to support specific departmental needs.

Overview

Geographic unit: Census Tract or Census Tract-City Split Areas
Time period: 2000 - present
Demographic variables:

- Age
- Gender
- Race-Ethnicity
- Poverty (100%, 130%, 133%, 200% Federal Poverty Level (FPL))
- Other specialized estimates (Child Care Estimations, Uninsured and Medi-Cal Eligible Estimations)

Use Limitations: Enterprise (eGIS) members only
Credits: Urban Research-GIS / eGIS
Internal Services Department
County of Los Angeles
