

County of Los Angeles

10th Anniversary

GIS DAY 2017

Putting LA County on the Map

~ FREE EVENT ~

Features over 50 booths, a speaker series, GIS-enabled emergency vehicles, map gallery, GIS games & prizes!

See how Los Angeles County and more than 30 other agencies are using GIS to make government more efficient, keep the public safe and improve health.

Visit the event website to register for a booth, present a map, or give a presentation:

Wednesday, November 15, 2017

9:00AM – 3:00PM

Grand Park – Olive Court

200 N. Grand Ave

Los Angeles, CA 90012

Come to the County's largest GIS Day event to discover how Geographic Information Systems (GIS) leverages the power of GIS technology for a better L.A. You'll learn how:

- People are connected to County services
- Managers implement GIS technologies
- Local universities use GIS in research
- GIS facilitates elections
- The Sheriff uses GIS in emergency vehicles
- GIS is used in fire trucks and by firemen for response
- GIS is utilized for traffic management
